

GO SLEEPERS

The lightest and strongest concrete sleepers in the market

LIGHTER ■ STRONGER ■ GREENER

Experience the future of landscaping - where innovation meets practicality! Galintel Outdoors Sleepers deliver Australian engineering that makes retaining walls simpler, stronger, and more sustainable.

WHAT MAKES GO SLEEPERS THE BEST FIT FOR YOUR PROJECT?

Picture creating stunning retaining walls and garden features without the back-breaking work. Our innovative Australian-made sleepers make it possible!

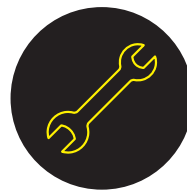

Incredibly Light

Full strength, half the weight of traditional sleepers

Earth-Conscious

55% recycled materials with 60% less CO₂ emissions

Installation-Friendly

At just 22kg (1.2m), two people can handle the job

Aussie Tough

66 MPa strength with corrosion-proof GFRP rebar

DISCOVER THE RANGE TODAY.

Proudly Australian-made and engineered for modern landscaping projects.

TWO STUNNING FINISHES, ENDLESS POSSIBILITIES

SMOOTH SURFACE

Create contemporary magic with our sleek, minimalist finish.

Perfect for:

- Modern urban gardens
- Architectural features
- Clean-lined design statements

TIMBER GRAIN

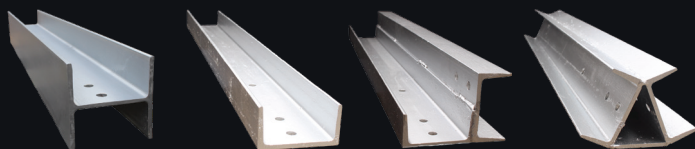

Embrace traditional charm with modern durability.

Ideal for:

- Classic garden settings
- Heritage properties
- Natural landscapes

MAKE IT YOURS

- Seamless integration with our 100mm Heavy-Duty Structural Retaining Wall Posts
- Paint or render to match your vision

PERFECT FOR ANY PROJECT SIZE

200 x 80 x 1200 – 22kg

Designed for effortless installation and compact spaces.

200 x 80 x 2400 – 44kg

Engineered for Colorbond® matching and larger projects.

MADE FOR AUSTRALIAN CONDITIONS

- Reinforced with GFRP rebar to prevent cracking and rusting
- Weather-resistant construction
- Certified to Australian standards
